The screenshot shows the Atlassian Jira interface for a project named "Your Travel Sites". The left sidebar contains navigation options: Roadmap, Backlog (selected), Board, Pages, Add item, and Project settings. The main area displays the "Backlog" for "Your Travel Sites". Under "YTS Sprint 2", there are 4 issues. The selected issue is YTS-6, titled "selection on pictures for home page", which is in the "In Progress" state. The description for this issue reads: "This can be done at the end, shouldn't take long to put pictures, only thing it to come up with good pictures." The assignee is "Unassigned".

The screenshot shows the Atlassian Jira interface for the same project "Your Travel Sites". The left sidebar is identical. The main area displays the "Backlog" for "Your Travel Sites". Under "YTS Sprint 2", there are now 5 issues. The selected issue is YTS-7, titled "Destination", which is in the "To Do" state. The description for this issue reads: "(roshan) I am working on connecting our website tab 'destination' with google or other search engine so that people can search anywhere they like to go. this gives our customer more options and easier than entering it manually." The assignee is "Unassigned".
